### Brain ball

247 trivia launched Brain Ball: a new trivia quiz progressive jackpot style, in which you need to answer 15 questions to win a jackpot. The jackpot grows every game that is not won. Brain ball actually pay some money every 3 questions you answer right, on any game. Many trivia players who likes to play for money prefer this game because you can play alone whenever you like, and you are not dependent on other human players to play with you. of course the questions get tougher and tougher

as long as you go upper, and it is not easy to reach the last 3 questions. There are 2 versions of the game, one for general knowledge and one for entertainment , and there are few features that help you pass tough questions, like 50% 50% which eliminates 2 answers out of 4, one possibility to change question, and one to get more time, and the help costs money. it is almost like you play who wants to be a millionaire online . You chose when and if you want to use the helps, and you also pay for it, but sometimes that brings you to the last question, number 15, which holds the jackpot. The biggest jackpot won so far was above \$750, which is bigger than what most other trivia sites give, and it is won with lots of knowledge, strategy and sharpness of the mind.
